Conferencias DDPA 2010-2011

Printed from https://www.cancerquest.org/es/centro-de-multimedia/conferencias/conferencias-ddpa-2010-2011 on 11/13/2026

CancerQuest previously worked with the Drug Development and Pharmacogenomics Academy (DDPA) of the Winship Cancer Institute at Emory University and presented scientific lectures by leading researchers in basic and clinical cancer development research.

DDPA lecture series from the 2010–2011 calendar.

	Dr. Lillian Siu Title: "Clinical Trials and Drug Development" Date: 11/04/2010 View the interview
	Dr. Fadlo Khuri Title: "Chasing Oncogene Addiction into the Clinic" Date: 12/15/2010 View the talk | View the interview
	Dr. Jeanne Kowalski Title: "Genomics and Cancer Clinical Trials" Date: 01/05/2010 View the talk | View the interview
	Dr. Fred Hirsch Title: "Targeted Therapy in NSLC: Development of Biomarkers" Date: 01/19/2011 View the talk
	Dr. Keqiang Ye Title: "PIKE Signaling in Cancer Progression and Anti-cancer Drug Development for Brain Tumors" Date: 02/02/2011 View the talk | View the interview
	Dr. David Fry Title: "Cancer Drug Discovery - Targeting Protein:Protein Interacctions" Date: 02/23/2011 View the interview
	Dr. Jing Chen Title: "Protein Kinase Signaling and Targeting in Cancers" Date: 03/02/2011 View the talk | View the interview
	Dr. S. Gail Eckhardt Title: "Cancer Biomarkers" Date: 03/23/2011 View the interview
