Fertility and sexuality concerns of cancer survivors are not being properly addressed.

Printed from https://www.cancerquest.org/newsroom/2010/10/fertility-and-sexuality-concerns-cancer-survivors-are-not-being-properly-addressed on 11/13/2026

Improvements in detection and treatment of cancer have lead to an increasingly large population of cancer survivors. Many of these are of child-bearing age. Their concerns about being able to have children and a satisfying sex life are not typically dealt with fully by their doctors. This can lead to relationship and other psychosocial problems.
