Cancer care costs to reach $158 billion by 2020.

Printed from https://www.cancerquest.org/newsroom/2011/01/cancer-care-costs-reach-158-billion-2020 on 11/13/2026

A new analysis published in the Journal of the National Cancer Institute projects that in the year 2020, medical costs associated with cancer will reach 158 billion dollars. The value represents a 27% increase from current costs. The model assumes that the U.S. population ages as currently projected and that cancer survival rates remain stable.
