Not only does smoking kill, but smokeless tobacco does too!

Printed from https://www.cancerquest.org/newsroom/2016/10/not-only-does-smoking-kill-smokeless-tobacco-does-too on 11/21/2026

In a new study conducted at Harvard School of Public Health, a smokeless tobacco product called snus was related to higher death rate in prostate cancer patients.

Tobacco products are some of the most dangerous and common cancer-causing agents worldwide. This study shows that not only does smokeless tobacco cause cancer, it can also affect a cancer patient's prognosis by increasing death risk (in this case, in prostate cancer patients).
