Educator Resources

Printed from https://www.cancerquest.org/multimedia-center/educator-resources on 11/02/2026

CancerQuest has developed many different tools to help teachers design coursework for students of all ages about cancer biology and prevention.

Our lesson plans are designed to meet the Georgia Performance Standards. The following tools are currently available:

- Curriculum about Cancer by type
- Timelines for the History of Cancer and Cancer Detection
- 3D Animations About the Biology of Cancer
- Interactive Educational Games about Cancer
- Video Interviews with Cancer Survivors, Researchers and Clinicians.
